**Multi-purpose
Wire shelving**

Standard Heavy Duty Wire Shelving

Wire shelving

Wire shelving is used in a broad range of commercial, industrial and home applications. It is often used in restaurant, food service and retail store applications due to its ability to stay clean and resist rust and mold. It is also used by retailers, in industrial applications and in home kitchens as well. Wire shelving is excellent in areas where fire prevention is stressed because its open design. Allows sprinkler systems to function where solid shelving might block water flow.

Wire shelving Features

1. Easy to assemble and adjust without any tools.
2. Shelves are adjustable at 1" increments.
3. Available in Many Sizes and customizable.
4. Durable and rust resistant.
5. Up to 800 lbs of evenly-distributed weight capacity per individual shelf.
6. Multifunctional.

Wire shelving Application

1. Foodservice Applications
2. Material Handling Applications
3. Cleanroom Applications
4. Electronics Applications
5. Retail Applications
6. Medical facilities
7. Home (coffee tables, bookshelves, night stands, or even bench seating)
8. Garage
9. Cold room
